

BEDFORD
BOROUGH COUNCIL

Bedford Borough

2 Tier Structure Changes

Updated Autumn 2016

Foreword

On Friday 3 July 2015, we announced that we would work alongside schools in Bedford Borough to design and deliver a transition from a three-tier education system (with lower, middle and upper schools) to a two-tier system (with primary and secondary schools).

Following further consultation with parents and schools, the Council's executive approved the plans to move to a two-tier education system as outlined in our consultation – with time being allowed for further discussion between schools in some cases.

We will be working alongside head teachers and governors to ensure that these changes to schools are coordinated and coherent, supporting parents, carers, guardians, schools staff and – above all – pupils, as changes take place.

This document provides an overview of the planned transition for children and young people as we move towards a two-tier system for each school and we hope you find the information in the document helpful.

Cllr Henry Vann
Education Portfolio Holder

Mayor Dave Hodgson
Mayor of Bedford Borough

Introduction

In general, the following principles apply to the planned changes:

- Lower schools will become primary schools for pupils aged 4-11 years
- Upper schools will become secondary schools for pupils aged 11-18 years
- Middle schools will become primary schools, secondary schools or will be working with a local lower school to offer a single primary school for the local community.

The significant exceptions to the above proposed changes are the schools in the Wootton cluster (Wootton Lower School, Broadmead Lower School, Marston Vale Middle School and Wootton Upper School); these schools will remain within a three-tier education system given their links to Central Bedfordshire schools which also operate a three-tier system.

The changes to school structures will take place over a two-year period from September 2017 to September 2019.

Transitions will take a slightly different form within some school clusters depending on the local situation and the following pages will let you know what the transition will look like for your child and what each cluster or local group of schools will look like in the new two-tier school structure.
